## Project

### College staff management

--- This Project is a windows

based application built using an Old but robust visual basic 6.0. It met all the functional requirement that is seen in any college staff management such as,teaching non teaching staff ,department and many more.

**Frontend-Visual basic 6.0 (IDE).**

**Backend-Microsoft access DB, Oracle sql Database(testing)**

### Online survey portal

- This Project is a Web based

Application.which contained similar functionality to Google forms.This Project was made to be used by Business firms and public users.where a survey is uploaded by business firms and responses were submitted by public users via this Survey Portal.It provided dynamic creation of survey forms of various type(ex:multiple choice,feedback comment,drop down,checkbox etc).

**Frontend-HTML5,CSS3,Javascript.**

**Backend-PHP(ver 5.5),SQL(PHPmyadmin ver 4.3).**

## INTERESTS
